

A forum for AIDS patients

SUKRITI FOUNDATION, an NGO, will organise a forum on October 29 for 12 HIV positive patients to face an audience for the first time.

The aim: to make the youth aware of the hazards of AIDS. Thirty more patients will share their experiences with youngsters. Adding a touch of glamour would be a concert featuring the Bangla bands Fossils and 4WD. In fact, Fossils has composed a song, *Eka Nau*, which is to be sung by Usha Uthup and is dedicated to the cause of AIDS patients.
